

# **A Website Teaches Quantitative Analysis**

Sicong Zhao, Duke MIDS [\[CV\]](#) [\[Email\]](#)

1. We Take Genius'  
Ideas

2. Create Step-by-  
step Tutorials

3. With Code Fully  
Reproducible on

## **1. Tutorial**

[Example](#)

We convert genius' idea into Python code, and host replicable tutorial code on Google Colab.

## **2. Data Providing**

We process all the stock data, and provide access to results

## **3. Performance Tracking**

We provide historical performance tracking, we all can see how these strategy works

The platform will be launched in Feb, 2020

I will build a 3 person core team, with solid data science background, and willingness to teach and self improvement. (My classmates)

We will update our content on weekly basis.

# Thank You!
